

innano

advances in nanomedicine
and nanobiotechnology

call for abstracts | april 9-11, 2008 | innsbruck, austria

www.innano.org

Topics and list of speakers

Four topics of high scientific interest and promising perspectives have been selected:

NANO particulate drug delivery

O. Alpar, University of London, England
A. Bernkop-Schnürch,
Leopold-Franzens University of Innsbruck, Austria
S. De Smedt, Ghent University, Belgium
I. Uchegbu, University of London, England

NANO analytics

G. Allmaier, Vienna University of Technology, Austria
M. Marchetti, Vienna University of Technology, Austria
Z. Szabo, University of Pécs, Hungary
C.W. Huck, Leopold-Franzens University of Innsbruck, Austria

NANO toxicology

P. Hoet, Katholieke Universiteit Leuven, Belgium

Tissue engineering & NANO biotechnology

D. Pum, University of Natural Resources and Applied Life Sciences,
Vienna, Austria
M. Stevens, Imperial College London, England
V. Vogel, Swiss Federal Institute of Technology Zürich, Switzerland

Venue

The meeting venue is right in the centre of Innsbruck. It is located adjacent to the Old Town and within walking distance of most attractions, museums and restaurants.

Hotel reservation

Hotel rooms can be reserved directly at Hotel Grauer Bär (special rate for INNANO 08 participants). You will find information about other hotels on the symposium website.

Social programme and symposium dinner

The guided tour to the Renaissance "Ambras Castle" will be a cultural highlight. Duke Ferdinand II displayed his collection of art during the 16th century. The symposium dinner will take place at the "Castle Restaurant".

Abstract submission

Participants are invited to submit contributions for oral or poster presentations. Abstracts may be submitted online by January 31, 2008.

Poster presentation

The poster session is one of the highlights of the symposium. Poster abstracts may be submitted online by January 31, 2008. A limited number of contributions will be selected for additional oral presentations. The best poster of every topic will be awarded EURO 250.

Commercial exhibition

An accompanying commercial exhibition will present product innovations in nanomedicine and nanobiotechnology applications.

You will find information about exhibition and sponsoring opportunities on the symposium website.

Registration

Online registration will open in December 2007

Rates

Regular before February 25, 2008	EURO 150
Regular after February 25, 2008	EURO 200
Students	EURO 50
Guided tour and symposium dinner	EURO 30
